JP II and SFXP Performance and Dress Rehearsal Policy: Dress Rehearsals and Performances are mandatory events. Because they are “live” they cannot be “made up,” so all students in an ensemble are expected to attend them in their entirety. All school administrators, as well as all Athletic Directors have worked to keep these events open, so that all students in the Performing Arts may participate freely, and without conflict. We ask for your support in honoring the interdependent commitment that is required for these events, which are the graded culmination for most of these classes, listed above.
